Delta Dental has two dentist networks available to members participating in Delta Dental of Wisconsin plans: Delta Dental PPOSM and Delta Dental Premier[®]. To receive coverage for dental services, members must choose a dentist within one of Delta Dental's dentist networks.*

Dentists in the Delta Dental PPO network offer significant fee reductions to Delta Dental patients, resulting in lower out-of-pocket costs for members. Members may also choose a dentist from the

Delta Dental Premier network, however the savings are not as significant as with the Delta Dental PPO dentist network. More than 90 percent of Wisconsin dentists are members of the Delta Dental Premier network. It is by far the largest dentist network in Wisconsin.

**Please note the network(s) available for your plan type (i.e. Delta Dental PPO - Select Plan participants can ONLY see a PPO dentist)*

Delta Dental offers two dental networks. Both save you money.
